The visiting delegation must respect the International Laws concerning entry visas and health certificates. One official of the host association who preferably speaks the language of the visiting delegation will be at the disposal of the visiting delegation and will act as a liaison officer between the visitors and the host association.
- (b) Transport facilities: One bus for the players and one car for the officials will be put at the disposal of the visiting delegation from the time of their arrival to that of their departure. Any additional vehicles are subject to an early agreement between the two associations.

In case a visiting delegation refuses to stay in the hotel reserved by the hosts and changes the hotel on its own initiative while the match commissioner declares that the hotel reserved by the hosts meets all the conditions required by CAF, this delegation will have to pay the full board accommodation expenses of its delegation in the new hotel.

- (d) Training facilities: A playing ground will be provided for the training of the

visiting team and will be put at their disposal for all their stay and at all times. The field on which the match itself will be played must be put at the disposal of the visiting team for at least one training session 48 hours before the game or on the eve of the game at the time fixed for kick-off.

- (e) Security Measures: The police service of the Host Association must ensure the security of the visiting delegation as well as of the referees designated to officiate the match. 4 If the referee is obliged to stop the match because of darkness before the end of its regular time, and if a delay in the scheduled kick-off time is the cause for it, the team of the host association will be considered loser and will be eliminated from the competition.

5 If the match is stopped before the end of the regular time because of poor visibility following the late arrival of the visiting team, except in case of force majeure to be decided by the Organising Committee, the latter shall be considered loser and shall be eliminated from the competition.

6 If the referee is forced to stop the match before the end of the regular time because of invasion of the field or aggression against the visiting team, the host team shall be considered loser and shall be eliminated from the competition, without prejudice to the sanctions existing in the regulations.

7 If the match is stopped before the end of the regular time for reasons of force majeure and notably for poor ground conditions and / or bad weather conditions to be decided upon by the referee, the match is to be replayed 24 hours later at the same venue and with the same referees. All disciplinary measures (caution or expulsion) pronounced during the match will be applied in conformity with CAF disciplinary code.

If a team refuses to take part in the rescheduled game, it will be sanctioned in conformity to the rules of the competition.

The additional expenses of the visiting team and the match officials shall be borne by the host association.

8 For the matches played under floodlight, if the match is interrupted because of poor visibility following a failure of electricity, the referee will observe a delay of 45 minutes and then signal the end of the game.

The failure of electricity cannot be considered as a case of force majeure unless the score (taking the two legs into consideration if it is a second leg) is not in favour of the visiting team. In this case, the match is to be replayed 24 hours later, in conformity with the measures indicated in para 7 here-above. If the score (taking the two legs into consideration if it is a second leg) is in favour of the visiting team, the host team will be declared loser.

9 Where any host association does not provide the visiting team, the commissioner or the referee and his assistants with the facilities named herein, such association will refund the expenses incurred by the visiting team, commissioner, referee and assistant referees, and the Organising Committee will penalize such association in any manner it deems appropriate.

Article 8

1 A commissioner designated by the Organising Committee must be present at each match.

2 The commissioner is the official representative of CAF who attends the match. In this capacity, he is entitled to a place in the first row of the main tribune.

3 If a presentation of the teams to the authorities is planned on the program, CAF commissioner must accompany the Guest of Honour. He shall present the referees and the captains of the two teams to the Guest of Honour.

4 On the eve of the match or in the morning of the day of the match, the commissioner must convene a consultative meeting (technical meeting) of the officials of both teams who must include at least one representative from each national association to whom the two teams belong, with the referees designated for the match. This will be a consultative meeting aimed at underlining and clarifying the main points of the rules governing the competition and ensuring the fulfilment of all the conditions necessary for the regularity of the match (control service, stay of the referees and the visiting team, proper qualification of the referees on the FIFA list). In the absence of the regular referees designated by CAF, the commissioner will see to it that the stipulations of Art. 35 are observed and will have the match played in conformity with

the provisions of the rules. No minutes will be taken of this consultative meeting. Any protest will be noted by the commissioner in his report.

However, a protest presented by a team not accompanied by a representative of the national federation to whom the team in question belongs, will not be taken into consideration by the match commissioner.

The commissioner must require during this pre-match meeting, the presence in the stadium of a representative of each Federation to which the opposing teams belong.

5 In the absence of the match commissioner, the referee designated to officiate the match will preside over the meeting stipulated for in para 4 of this article.

6 The commissioner will attend the pre-match formalities in the dressing rooms. He may, if he deems it necessary, go back to the dressing rooms during the half-time recess or after the match.

7 The responsibility of ascertaining the regularity of the field's dimensions and practicability, of ascertaining the regular strength of the electric lights for nocturnal matches and of verifying the players' licenses is exclusively that of the referee. The referee and his assistants are the only persons to control all procedures concerning the substitution of players during the match.

8 The match commissioner may, if he deems it necessary for the security of the referees or the visiting team, decide not to have the match played until his conditions and instructions are carried out. But once the match has started, it is exclusively the prerogative of the referee to suspend or end the match for any of the reasons stipulated in Law 5 of the Laws of the Game.

9 If any protest concerning one of the Articles of the Rules is submitted by one of the two teams to the commissioner before the start of the match, he must try to reconcile conflicting points of view within the framework of the Rules of the Competition. If, however, he does not succeed, he will register the protest on the appropriate forms and will make sure that the match is played in accordance with the provisions of the Rules, in conformity with the interpretation given by the match commissioner.

10 The commissioner will observe the match in all its aspects: performance of the referees, behaviour of the public, eventual incidents.

11 The Commissioner must send, by the most expeditious means, the result of the match to CAF Secretariat immediately after the end of the match.

He will send in the 48 hours following the match a detailed report to CAF Secretariat, indicating - among other things- if the match was televised live and if any protest was lodged by the teams in accordance with Art.20 and Art.21. In case the match commissioner is absent, this duty shall be incumbent upon the referee.

12 The commissioners who are designated must, as soon as they receive the notification of their designation, confirm to CAF their acceptance to carry out their assignment.

13 If later on, the commissioners are prevented for one reason or another, from attending the match, they must inform CAF by email or fax within a reasonable time for the Secretariat to provide a replacement. In case of force majeure at the very last minute, the commissioner must send by fax or email his apologies both to the Secretariat and the host country.

14 The absence of the commissioner cannot constitute an obstacle to the playing of the matches at the scheduled date and time.

The commissioner cannot be replaced except by decision of CAF and in such circumstances the Organising Committee's decisions shall be based on the referee's match report.

15 The host association must inform the designated commissioner of the date and venue of the match 10 days before the match. It shall organise his trip, his stay and transport facilities until his departure. It shall ensure that an endorsable air-plane ticket reaches him at least 14 days before the match.

If in this delay, the commissioner does not receive the air-plane ticket, he will be authorized to pay his air-plane ticket and to travel to the venue of the match. In this case, the host association must pay to CAF a fine equivalent to double the price of the commissioner's ticket. The host association shall bear the commissioner's air-travel expenses, economy class (full fare), both ways, his sojourn expenses and a daily indemnity at the rate fixed by CAF and payable on the day of his arrival. If the appointed commissioner is CAF President or CAF Honourary President or one of CAF Vice-Presidents, the host association shall send him a First Class air-plane ticket.

16 If the absence of the match commissioner is due to a failure from the host association to observe the regulations:

- a) No protest raised by the Host Association shall be taken into consideration.
- b) The Host Association shall pay a fine equivalent to the double of the price of the plane ticket of the match commissioner, without prejudice to subsequent sanctions which can be imposed upon it by CAF Organising Committee.

17 The Organising Committee reserves the right to designate, starting from the group matches, general coordinators. These general coordinators will be responsible of all the aspects linked to the application of the publicity and television contracts signed by CAF. The expenses of travel, stay and indemnities

of the general coordinators will be assumed by CAF. The national association will only assume the local transport of the general coordinator

6 In case of a clash of dates between CAF matches and other matches organised on a regional, sub-regional basis or matches organised on special occasions, priority shall be given to the matches of C.A.F.

7 The postponement of the inter-cubs matches for the teams that qualified to take part in the FIFA World Cup competition is permitted, provided that the matches in question are scheduled to be played in less than thirty days from the opening date of the World Cup.
